

The weather is gradually getting warmer and we can feel the arrival of spring.

To the regular students, thank you for your hard work this school year. Look back and pat yourself on the back for a year of hard work since April. Even the most joyful, happy, difficult, or painful events are valuable experiences and can be a great source of life for all of us. Get over it and be proud of yourself for being and living in the present.

~Thanks for using the health room~

Number of Sports Promotion
Center applications : 5

Number of outbreaks of
infectious disease : 28

Reason for coming	1st grade		2nd grade		third grade		4th grade			total amount
	1 A	1 B	2 A	2 B	3 A	3 B	4 A	4 B	4 C

Others <small>(consultations, paperwork, etc.)</small>	6	8	1	10	2	4	6	4	14	55
total amount	191	49	38	54	27	27	36	37	53	512

※Number of cases as of February 27.

This year, 512 students used the health center.

The infirmary was busy every day with many students using it for such things as injuries (abrasions, sprains, and knuckles), headaches, stomachaches, and other physical ailments, as well as for counseling on problems and venting their frustrations. There were no serious, life-threatening injuries, no mass infections, and I am glad that everyone is safe and healthy. There are only a few days left in this fiscal year, but let's not lose heart and continue to work hard until the end of this fiscal year in good health. And we will see you next year with a healthy mind and body.

If you are wondering how many times you have used the health center this school year, please come to the health center to ask.

Please give us your old uniforms, jerseys, and gym clothes.

This will be used as loaner clothing in the Health Office.

If you are willing to cooperate, please bring it to the infirmary.

※Please note that we may not accept clothes that are badly soiled, have holes, or are worn out, depending on their condition.

If you have any concerns, please come to the infirmary for consultation.
